

Higher Subsidies at Public Specialist Outpatient Clinics (SOCs) and Polyclinics

Lower- to middle-income Singapore Citizens can enjoy the following higher subsidies at public specialist outpatient clinics (SOCs) and polyclinics:

- **60% or 70% off subsidised SOC services**
- **75% off subsidised medications at SOC and polyclinics**

Pioneer Generation (PG) and Merdeka Generation (MG) seniors automatically enjoy an additional 50% and 25% off the post-subsidy bill respectively, for subsidised services and medications.

How to apply?

If you have been means-tested based on household income for other healthcare schemes (e.g. applied for CHAS before), subsidies will be accorded based on those results. Otherwise, you may approach SOC or polyclinic staff for assistance.
